This Front Matter is brought to you for free and open access by the Graduate Linguistics Students Association (GLSA) at ScholarWorks@UMass Amherst. It has been accepted for inclusion in University of Massachusetts Occasional Papers in Linguistics by an authorized editor of ScholarWorks@UMass Amherst. For more information, please contact scholarworks@library.umass.edu.

Preface

UMOP 37 is a collection of papers on experimental approaches to semantics and pragmatics. The “collecting” occurred, if memory serves us, in 2007 while the editors were graduate students at UMass. Let the release of the publication of these papers in 2021 stand as a testament to a never-too-late spirit. Indeed, we are happy to report that the papers in this volume are as fresh and interesting today as they were in 2007. We want to thank all the authors for allowing us to include their original papers despite the considerable delay in publishing. And special thanks to Andrew Lamont of the GLSA for invaluable help in getting this over the finish line.
